

Installation steps for TestNG:-

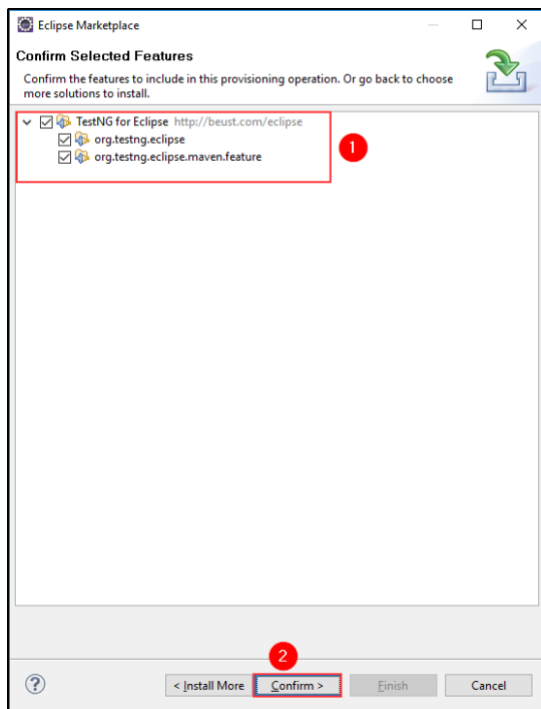

1. Click on help and then go eclipse market place.

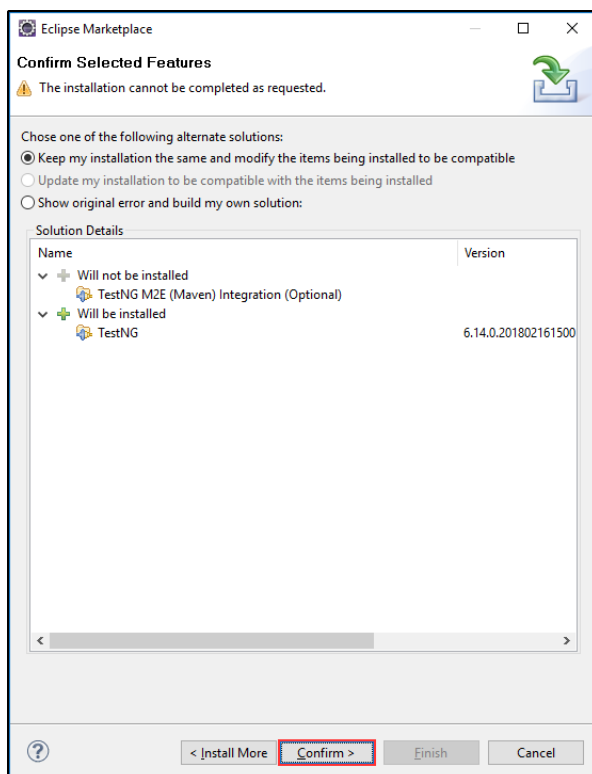

2. Search for TestNG and click on Install.

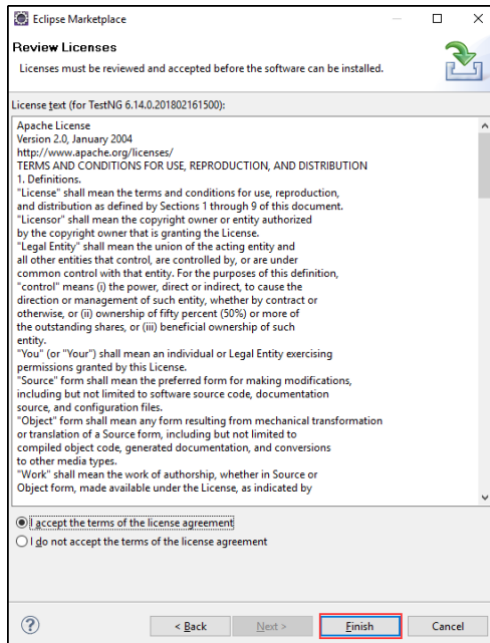

3. Select the packages that you want to Install.

4. Confirm the installation.

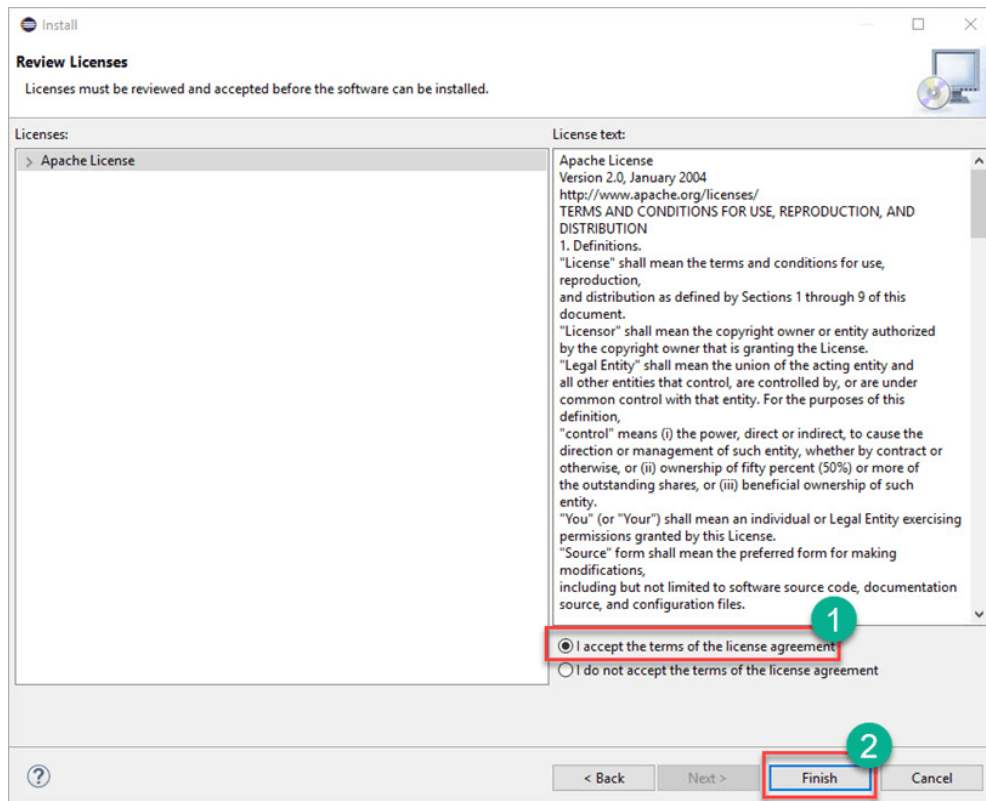

5. Accept the agreement.

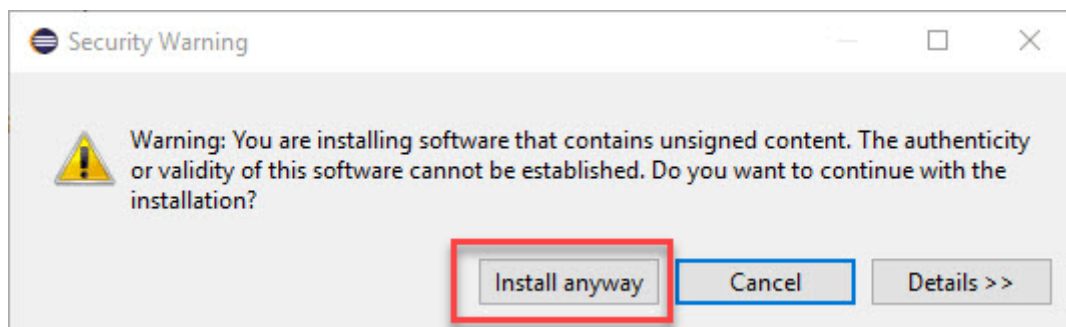

Step 6)

1. Select the radio button "I accept the terms of the license agreement"
2. Click on Finish.

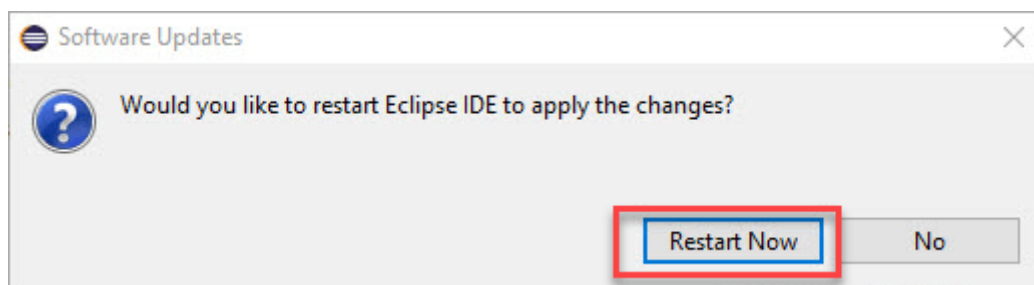

It will take time depending on your Internet speed.

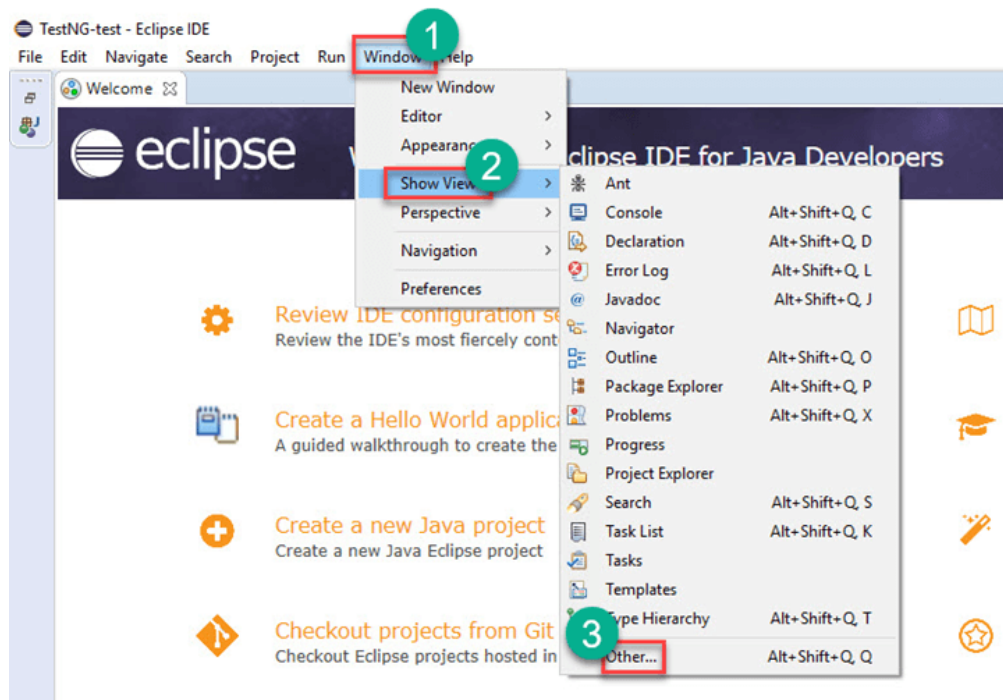

Step 7) If you encounter a Security warning, just click "Install Anyway".

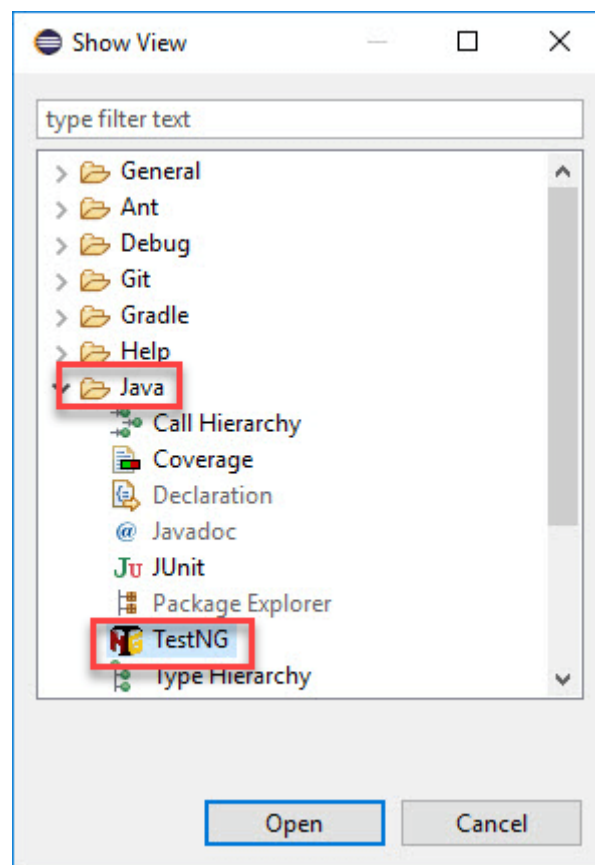

Step 8) Wait for the installation to finish. When Eclipse prompts you for a restart, click "Restart now."

Step 9) After the restart, verify if TestNG was indeed successfully installed. Click Window > Show View > Other.

Then open the Java directory and see if TestNG is included.

That's it to TestNG Installation
